OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY  
DEPARTMENT OF LAW & PUBLIC SAFETY  
DIVISION OF CONSUMER AFFAIRS  
BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE SUSPENSION  
OR REVOCATION OF THE LICENSE OF

Administrative Action

JOHN B. SIRECI, D.O.  
License No. MB75756

**CONSENT ORDER**

TO PRACTICE MEDICINE  
IN THE STATE OF NEW JERSEY

This matter was opened to the New Jersey State Board of Medical Examiners ("Board") in regard to licensee John B. Sireci, D.O., ("Respondent") upon receipt of certain information which included the following: on June 4, 2004, Respondent was charged by the Police Department of Monroe Township, with 37 criminal counts including conspiracy to obtain CDS by fraud, obtaining CDS by fraud and distributing CDS; on May 4, 2005, Respondent was indicted on thirty-two of said counts; on August 19, 2005, Respondent, pursuant to an agreement with the Gloucester County prosecutor, plead guilty to, and was convicted of, three counts, each of which alleged that

**CERTIFIED TRUE COPY**

he obtained CDS by fraud which is a third degree offense; during the plea hearing before the Honorable John J. Tomasello, Judge of the Superior Court, Respondent admitted that he prescribed the CDS medications Endocet, Percocet and Diazepam for non-medical purposes, for a friend who was not under Respondent's medical care and who filled those prescriptions at several different pharmacies at different times; on September 30, 2005, Judge Tomasello sentenced Respondent to a three year period of probation.

On or about October 4, 2006, Respondent testified before a committee of the Board which also heard the sworn testimony of Louis E. Baxter, Sr., M.D., Executive Medical Director of the Professional Assistance Program of New Jersey ("PAP"). Dr. Baxter advised the committee that Respondent voluntarily enrolled in PAP in January 2004, for treatment of his addiction to controlled dangerous substances ("CDS") and that he is completely compliant with the requirements of PAP's treatment regimen. The Board is also aware that Respondent refrained from practice for six weeks at the outset of his treatment.

The Board, having reviewed the entire record, including the transcripts of Respondent's plea, conviction and sentencing and the records of Respondent's substance abuse treatment, has determined that a basis exists for disciplinary action pursuant to N.J.S.A. 45:1-21 (b), (c), (d), (e), (f), (h), (m) and N.J.A.C. 13:35-7.2, -7.5, -7.6.

It further appears that Respondent desires to resolve this matter without further proceedings, on the terms and conditions set forth in this consent order, which the Board finds are adequately protective of the public health, safety and welfare. Accordingly,

IT IS HEREBY ORDERED ON THIS 26<sup>th</sup> DAY OF February

2007 THAT:

1. The license of Respondent, John B. Sireci, D.O., is suspended for one year from the date of the entry of this order. Such suspension is to be stayed and served as a period of probation.
2. Respondent shall serve an additional four-year period of probation to begin on expiration of the suspension of his license ordered in the preceding paragraph.
3. Respondent shall abstain from all psychoactive substances and alcohol except upon prescription from a treating physician for a documented medical condition with notification to the Executive Medical Director of PAP. Respondent shall cause any physician or dentist who prescribes medication which is a controlled dangerous substance to provide a written report to the PAP with patient records indicating the need for such medication. Such report shall be provided to PAP no later than seven (7) days subsequent to the date of the prescription in order to avoid any

confusion which may be caused by a confirmed positive urine test as a result of Respondent's taking such medication.

4. Respondent shall perform 200 hours of Board approved, non-medical community service over a period of three years beginning on the date of the entry of this order.

5. Respondent shall continue to participate in PAP indefinitely. PAP shall provide quarterly reports to the Executive Director of the Board in regard to Respondent's participation therein. PAP shall attach to its quarterly reports any and all documentation of any aspect of Respondent's participation therein. PAP shall immediately notify the Board in the event of any indication of a relapse into substance and/or alcohol abuse and/or non-compliance with the mandates of this order.

6. Within six (6) months of the filing of this order, Respondent shall enroll in and successfully complete Board-approved courses in the proper prescribing of CDS and ethics. "Successfully complete" means that: Respondent shall have attended all sessions; Respondents shall have properly completed all assignments; and Respondent shall have attained a passing grade that is unconditional and without qualification or reservation.

7. Respondent shall pay the costs of investigation in the amount of \$9,558 plus a penalty of \$7,500 (\$2,500 for each criminal count to which he pled guilty), either in full upon entry of this

order or as provided in the following paragraph, as Respondent may elect.

8. Said total amount may be paid over a period of thirty-six (36) months at the current Court Rule rate of four percent (4%) annual interest. Payment shall be made in the form of monthly installments of per month for a total of thirty-six (36) consecutive months or until paid in full, whichever comes first, which monthly installments shall be due by the first day of each month, commencing thirty (30) days after the entry of this Order and continuing until the balance is paid in full. All payments shall be submitted by certified check or money order made payable to the State of New Jersey and shall be sent to the attention of the Executive Director of the New Jersey State Board of Medical Examiners, P.O. Box 183, Trenton, New Jersey 08625-0183. The Board may without notice file a certificate of debt for the full amount of costs and penalties outstanding at any time after this Order is entered. Failure to make timely payments shall be considered a violation of this Order and shall result in acceleration of the balance of debt.

9. Upon receipt of any information which demonstrates, in the Board's sole judgment, that Respondent has failed to comply with any of the terms or conditions of this consent order, including but not limited to, a report of a confirmed positive urine test or a prime facie showing of a relapse or recurrence of alcohol or drug abuse, the Board, in its sole discretion and without notice, may

enter an order immediately suspending Respondent's license. The evidence upon which the Order of Automatic Suspension is based shall be provided to the Respondent within 24 hours of the entry of the Order.

10. Respondent shall have the right to apply for removal of the automatic suspension upon written application to the Executive Director of the Board. A meeting of a committee of the Board shall be convened within fourteen (14) days of the receipt of such application, at which meeting Respondent shall be afforded the opportunity to present evidence limited to showing that the urine test was a false positive or that other information the Board relied upon was false or both. At such meeting, the committee shall decide whether or not to grant Respondent's application, which decision shall take effect immediately and be reviewed by the full Board at its next regularly scheduled meeting.

11. Respondent shall comply with the "Directives Applicable to any Medical Board Licensee who is Suspended, Revoked or Whose Surrender of Licensure has been Accepted", attached hereto and made a part hereof.

12. The entry of this Order shall be without prejudice to further action by this Board or other law enforcement entities attributable to Respondent's conduct prior to entry of this Order.

13. Approval of any modifications proposed to this order by Respondent shall require Respondent to appear before a committee of the Board.

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE  
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE  
HAS BEEN ACCEPTED**

**APPROVED BY THE BOARD ON MAY 10, 2000**

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

**1. Document Return and Agency Notification**

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

**2. Practice Cessation**

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

### **3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies**

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

### **4. Medical Records**

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

## **5. Probation/Monitoring Conditions**

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and Inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

<sup>1</sup> Pursuant to 45 CFR Subtitle A Section 61.7 and 45 CFR Subtitle A Section 60.8, the Board is required to obtain your Social Security Number and/or federal taxpayer identification number in order to discharge its responsibility to report adverse actions to the National Practitioner Data Bank and the HIP Data Bank.

**NOTICE OF REPORTING PRACTICES OF BOARD  
REGARDING DISCIPLINARY ACTIONS**

Pursuant to N.J.S.A. 52:14B-3(3), all orders of the New Jersey State Board of Medical Examiners are available for public inspection. Should any inquiry be made concerning the status of a licensee, the inquirer will be informed of the existence of the order and a copy will be provided if requested. All evidentiary hearings, proceedings on motions or other applications which are conducted as public hearings and the record, including the transcript and documents marked in evidence, are available for public inspection, upon request.

Pursuant to 45 CFR Subtitle A 60.8, the Board is obligated to report to the National Practitioners Data Bank any action relating to a physician which is based on reasons relating to professional competence or professional conduct:

- (1) Which revokes or suspends (or otherwise restricts) a license,
- (2) Which censures, reprimands or places on probation,
- (3) Under which a license is surrendered.

Pursuant to 45 CFR Section 61.7, the Board is obligated to report to the Healthcare Integrity and Protection (HIP) Data Bank, any formal or official actions, such as revocation or suspension of a license (and the length of any such suspension), reprimand, censure or probation or any other loss of license or the right to apply for, or renew, a license of the provider, supplier, or practitioner, whether by operation of law, voluntary surrender, non-renewability, or otherwise, or any other negative action or finding by such Federal or State agency that is publicly available information.

Pursuant to N.J.S.A. 45:9-19.13, if the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, it is obligated to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders are provided to that organization on a monthly basis.

Within the month following entry of an order, a summary of the order will appear on the public agenda for the next monthly Board meeting and is forwarded to those members of the public requesting a copy. In addition, the same summary will appear in the minutes of that Board meeting, which are also made available to those requesting a copy.

Within the month following entry of an order, a summary of the order will appear in a Monthly Disciplinary Action Listing which is made available to those members of the public requesting a copy.

On a periodic basis the Board disseminates to its licensees a newsletter which includes a brief description of all of the orders entered by the Board.

From time to time, the Press Office of the Division of Consumer Affairs may issue releases including the summaries of the content of public orders.

Nothing herein is intended in any way to limit the Board, the Division or the Attorney General from disclosing any public document.
